## TIDBITS

Lisa Pattison and her Australian Shepherds had a terrific one weekend last month.

Murphy picked up a second leg in open obedience and 2nd place!

Lacey earned her Started Sheep Herding title\*(STDs) in one herding weekend with third place on Sat, Highest Scoring STDs Aussie on Sun and High Combined STDs for the weekend

A mere ninety minutes after leaving the herding arena on Sat AND Sun Lacey qualified decently in novice obedience finishing her CD.

Lacey ended up with Reserve Most Versatile Award for the weekend.

Actually it is STDs -started sheep herding title

Lisa explains that a STD's title is made up of two courses A & B. One is clockwise around a 300x200 arena and the other is counterclockwise. "A" is counterclockwise the dog must "nicely" take sheep out of small pen hold them until owner shuts gate and move sheep around arena thru two panels one on each side of arena and then back to pen, hold sheep off pen and then reopen. "B" is clockwise, however instead of taking sheep out of pen dog must gather sheep and start course thru same panels and again reopen.

These are ASCA (Australian Shepherd Club of America) courses. ASCA wants to see the dog's style manipulating the sheep where it seems AKC is more course oriented. At this level, the handler may take any position in the arena. Murphy and Shelby have their HT's (Herding Titles) which is AKC equivalent of a level or two below this ASCA course.

Janet Horn's Chesapeake bitch, CH Eastern Waters Keep The Faith went Best of Breed at Virginia K.C. on April 9 in Richmond, VA. Faith also went Best Opposite a Twin Brooks K.C. on March 26 in Morristown, NJ. Faith won Best Opposite at Monmouth County KC on May 27. Faith was breeder-owner handled by Janet—who was proud and happy at the accomplishments.

## Thoughts for today .....

A Native American elder once described his own inner struggles in this manner: "Inside of me there two dogs. One of the dogs is mean and evil. The other dog is good. The mean dog fights the good dog all the time." When asked which dog wins, he reflected for a moment and replied, "The one I feed the most." unknown

"There is an Indian legend which says when a human dies there is a bridge they must cross to enter into heaven. At the head of that bridge waits every animal that human encountered during their lifetime. The animals, based upon what they know of this person, decide which humans may cross the bridge.... and which are turned away..." -- Unknown
