Hello Members,

I hope everyone had a nice Thanksgiving with a big turkey and family all around.

I would like to catch everyone up on the events that had been scheduled this fall. Sunday October 14th. we had a training session planned from 9:00 am to 12:00. Martha Windish was the only member that came to train. Bev Olsen, Martha and I stayed to participate in the "Bark in the Park" program scheduled for the afternoon. I laid a track for Bev and her Greyhound, Beauty to run as a demo. Beauty did a great job; even though a man walked parallel to me and about four feet away for the whole last leg of the track. I tried to make the gentleman go somewhere else but he seemed to be happy with where he was. Bev handled Beauty very well and Beauty found the glove. However, it gave her an interesting problem for her TDX training. Bev dressed her dogs up in costumes: Beauty was Pocahontas and Storm, her almost 14 year old Cardigan Corgi, was a cowboy. They were the hit of the afternoon.

We had our test on Sunday November 4th. The test was dedicated to the memory of Janet Horn and Priscilla White. Janet was a longtime member and had been The Common Scents editor in the past. Priscilla and her Basset hound, Muffy, were active trackers and were working toward a VST.

Mollie and Peter Heide were our host for the weekend. Mollie prepared breakfast and lunch; both Saturday and Sunday for all of us. The food was delicious and the hospitality great. Thank you so much Mollie and Peter.

The judges for the weekend were Randie Meyers and Miles Garrod. The weather was, the fields were green but there was little moisture. We always hope all the dogs will pass; but for one reason or another, only did. A Cardigan Welch Corgi, Ceredigion Cadi Cain PT TD CGC, known to her friends as Caddie and handled by Teryl Lebkuecker.

My thanks to John Etchells, head track

layer, and Edie Braginton, Vicky Brown, Pat Etchells, Peg Forte, Peter Heide, Joanne Mac Kinnon and Mimi Ruch, our tracklayers.

The tracklayers certification was held on December 8th. at the Lebanon Township Municipal Building. John Etchells once again did the teaching and four members were certified as tracklayers. John also prepared test questions on the TDX tracking rules.

I hope every one had HAPPY HOLIDAYS. Hope to see all of you soon.

"Keep on tracking"

Barbara Greenfield

Editor's Note:

Please accept my apologies for the latest of this newsletter which should have been in your hands by mid-December.

This has been a case of ...if anything can go wrong it will.

First we postpone the Nov. board meeting to Dec. which put us in the middle of the Christmas time rush. Then I had a very sick dog, she is better now. And neither of my printers were working.

One is now cooperating. And my computer kept saying the programs were performing illegal actions...you get the picture....

TED Flyer on Pages 7 & 8

If you make copies for anyone—make sure they get both sides.

LTC's 2001 Tracking Test

Here are the results of this year's tracking test. Only one dog and handler team were successful. Possibly due to the dry conditions this fall.

TRACKING DOG TEST

<u>F</u> T T1	STONE HILL'S GOOD TO BE KING, CDX, NM822112/01. 2/22/99. Breeder: Stephanie Podejko. By Ch Sir Alfred of Stone Hill x Ch Robbsdales Simply Alfredrich. Dalmatian. Dog. Owner: Linda B. Kaufman. Certified by Dolores Dedek 8/14/01.

??????? TDX ???????

Enough members answered in the affirmative so the board has decided to proceed with holding a TDX test, with 3 tracks, in the spring of 2003. Tentative date is May 4, pending AKC approval.

To prepare the club to run this TDX test we are planning to have a TDX judge come to do a seminar for us on how to do a TDX test. This will be to train us for the test, not how to train our dogs for TDX. But information about how the tracks are plotted for a TDX test will help you with training your dog. We are hoping to do this on July 13 or 14, 2002.

We will keep you posted on all the arrangements as soon as we have the information. In the meantime, those of you with TD dogs, started training for the TDX. Who knows, you could be lucky in the draw to get in our TDX test.

Two TDX judges have already tentatively agreed to judge our TDX test. Confirmation will be asked for once we have AKC approval for the event and a definite date.

John Etchells has already started working on additional questions and training for TDX tracklayers. So all the certified tracklayers will have the opportunity later this year to get this additional training.

Blue's TDX

My Golden Retriever, Blue, earned his TDX at the Hudson Valley TDX test on October 7, 2001 at the scenic hayfields below the Shawangunk Mountains near New Paltz, New York. The judges were Michael Clemens and Salle Richards.

Salle posted the following description of Blue's pass on the tracking email list and she gave me permission to use it in the newsletter. Her write-up is so much better than I could do - I barely knew where the track went since I was busy concentrating on Blue and trying to breathe through a head cold!

"Hudson Valley had a beautiful TDX pass yesterday. It was Golden Retriever 'Blue' who is also a senior hunting dog owned by Martha Windisch.

This really was a super, super job that defines what the TDX is all about. The track had everything -- road cross, two hedge row crosses, woods, logs, swamp pass, hills, and a difficult scenting problem near the end.

In fact, I tried to talk co-judge Mike Clemens into using it as the spare. We finally agreed to leave it as the fourth and final track because of an iffy weather forecast and the possibility of too much water on the real spare if it rained (it didn't).

Martha and Blue started strong and never faltered. A wonderful example of teamwork. What really impressed me was the tremendous focus of this relatively young golden (three years). The teamwork came into play with the expert way Martha handled him through 'scent problems'. There were areas that the dog had to work out what the scent was doing (around hedge rows and particularly on the exit of the woods).

It was another example of how an animal sport can provide an aesthetic thrill.

Good job, Martha and Blue!!!!!!

Maybe this was an extra special success for me because I have run into Martha and Blue from their success at a TD certification match to sporadic meetings over the last couple of years. To watch this team grow into a spectacular performance was really heartening. Really made me want to throw down my clipboard and go train my dogs."

Salle E. Richards

I did email Salle to thank her for all the complements! Blue deserves the majority of the complements since he is the motivated one with the nose. I just held on to the line and tried to stay on my feet, intently studied Blue's body language, followed him when he took a new direction, and then listened for the whistle - but fortunately never heard it!!!

-- Martha

Tracklayer Certification

On December 8th John Etchells took two of our members and one pending member through the tracklayer certification process. John was ably assisted by Mimi Ruch, Barbara Greenfield, Martha Windisch, Lisa Pattison and Laurie Shuren.

We are pleased to announce that

Francine LaMarr
Peter Weber
Teryl Lebuecher

completed the requirements and are now Certified Tracklayers and eligible to lay tracks at our events. Congratulations !

If you can.....

If you can start the day without caffeine or pep pills,

If you can be cheerful, ignoring aches and pains,

If you can resist complaining and boring people with your troubles,

If you can eat the same food everyday and be grateful for it,

If you can understand when loved ones are too busy to give you time,

If you can overlook when people take things out on you when, through no fault of yours, something goes wrong,

If you can take criticism and blame without resentment,

If you can face the world without lies and deceit,

If you can conquer tension without medical help,

If you can relax without liquor,

If you can sleep without the aid of drugs,

If you can do all these things . . .

THEN YOU ARE PROBABLY
THE FAMILY DOG

Excerpts from a very special book by a very special young lady, Bethany Greenfield, age 12. Bethany is Barbara's granddaughter. She used to live just next door to Barbara, but currently resides with her family in Holland.

I Am

I am a weird girl who loves dogs
I wonder what I will be doing 15 years from now
I hear the dogs bark change from sharp to dull
I see the earth moving under my feet
I want to be able to know what it's like to be a fish in the sea
I am a weird girl who loves dogs

I pretend that sometimes I am granted wishes
I feel the close-up rays of the sun on my arms
I touch all the stars in the sky
I worry that my dog will die soon
I cry at the thought of it
I am a weird girl who loves dogs

I understand the loss of a very good friend
I say we all are equal
I dream that someday I will be rich
I try to help the tortured, homeless and abused animals
I hope that I can help all those animals
I am a weird girl who loves dogs

My Loving Dog

My loving dog, Jiminny Cricket-Mingo
You fetch and play dead
A loving friend
A one of a kind there is no other Spaniel like you
Caring and funny, you're always there
You run me out or hop me out
You're cuddly and cute
Though you're always loving.
My loving dog Jiminny Cricket-Mingo

Bonds

There is a special bond between a child and their pet.
They vowed forever friends, the first day that they met.

Now there comes a time when you must say good-bye,
But this came in an unexpected way that definitely made me cry.

I moved away from home when I was only eight,
I never thought I'd make it without my special mates.

They helped me through some hard times when pain and grief arose,
But now they weren't here, not even to lick my toes.

For one whole year, I felt as though they were lost,
Then a couple of years from then I actually knew what it cost.

While I was here in Holland, a phone-call brought me tears,
My dog was put to sleep at least without any pain or fear.

I had never ever felt this way before,
But little did I know there was still a lot more.

One month later I was sadly told,
My other dog had died asleep, happy, brave and bold.

I still had 2 dogs left,
But still it felt that there had been a theft.

Sure I cried, but I didn't believe then,
My dogs are gone forever, they're up in heaven.

I still don't know what it's like to live in a house without those
hers,

And I certainly hope it doesn't get any worse.

Today I realized though, they're not gone forever
They have a special place in my heart but I won't see them
again, ever.

Golden Retriever Puppy

Golden Retriever puppy limps slowly
Like
Injured batter walks carefully.
Puppy loves batter playing,
Ball, stick batter throws happily
Like
Bouncy puppy chasing chewed ball
Running, playing, drooling,
Happy, joyful puppy fetches stick playfully
Quietly puppy heals
Happily batter throw
Golden Retriever puppy licks injured batter

Thank you Bethany and
Barbara sharing these
special thoughts with us.

Tidbits...

Megan Robinson and Dillon (Flat-coated Retriever) and Gret Rumetsch and Tug (Labrador Retriever) who were certified at our workshop in September earned their TD's at the Berks test on Oct. 14th.

Kathy Gaynor informed us that her chow, Zack died on June 18th, he was 14 years old. He was my first chow and obedience dog. He was ranked # 10 Obedience Dog and # 4 on the Delaney System in 1994. Everyone who knew him liked him—he was "Me. Personality." "The biggest compliment he ever got was from a vet, who said, after having him as a patient, she would give more chows a chance. Kathy's Keeshond Blue earned her CD on September 2nd at the Morris Hills show. Two weeks later at the Lehigh shoe she was Highest Scoring Kees—this was a specialty for Kees. Two weeks later at the Hilltown show Blue earned her first UKC CD leg with a score of 194 and 3rd place.

Joanne and Ralph MacKinnon sent the following sad news on December 19th. "Skye had to be put down yesterday. He evidently suffered a ruptured spleen and was bleeding internally, so we had no

choice. He was just fine in the morning but when we were out for a walk just before noon I could tell that something had happened to him and when we got back inside he collapsed. So Ralph and I got him to the vets but there was no hope. He was just thirteen on Dec. 2nd. He was such a great dog and we really miss him."

There was more sad news from Hope Meaker who lost two of her dogs this fall. Am/Can CH Light-foot's Pegasus CDX TD NA JH WC Can CD TD) died on 10/13/01 and Am/Can CH Beaverun's Triple Crown OA JH WCX am/Can UDT Can WC HOF died on 12/3/01.

Peg Forte and Hope Meaker's *Light-foot's Deacon VCD1, WC, FDCh* hearned his U-CD (UKC Companion Dog) on October 20th. He also has his first Agility Standard Open leg, earned on October 28th.

Membership Applications

The following people have applied for membership in the Lenape Tracking Club of Central New Jersey. They have attended the two required events. They will become members in 30 days from the mailing of this newsletter unless we receive written comments as to why they should not become a member.

Top Ten Reasons Why It's Great To Be A Dog

If it itches, you can reach it. And no matter where it itches, no one will be offended if you scratch it in public.

No one notices if you have hair growing in weird places as you get older.

Personal hygiene is a blast: No one expects you to take a bath every day, and you don't even have to comb your own hair.

Having a wet nose is considered a sign of good health.

No one thinks less of you for passing gas. Some people might actually think you're cute.

Who needs a big home entertainment system? A bone or an old shoe can entertain you for hours.

You can spend hours just smelling stuff.

No one ever expects you to pay for lunch or dinner. You never have to worry about table manners, and if you gain weight, it's someone else's fault.

It doesn't take much to make you happy. You're always excited to see the same old people. All they have to do is leave the room for five minutes and come back.

Every garbage can looks like a cold buffet to you.

Email: pegforte@worldnet.att.net

The Lenape Tracking Club of Central New Jersey was founded in June 1975, for the purpose of assisting people in the training of their dogs in tracking, to encourage sportsmanlike competition in tracking tests and to sponsor educational programs of interest to tracking enthusiasts.

Tracking demonstrates a dogs' ability to recognize and follow human scent, a skill that is useful in the service of mankind.
